Local Music Function Guide

GSC35xx - Local Music Function Guide

Overview

The local music tool allows users to upload music located on their computers as audio files to the cloud storage of the GSC35xx of 64MB.

Configuration

To play Local music on the GSC35xx, Kindly follow the below steps:

1. Click on the Upload Music panel to upload music from your computer

Upload music locally

2. Once the Audio file is uploaded, select it and then press

Playing the music

Note

1. The supported audio files to be uploaded are .ogg and .mp3.
2. An audio file can have a maximum size of 50MB for GSC3505/GSC3510 and 10 MB for GSC3506/GSC3516.
3. Using the Music Local Space of 64MB for GSC3506/GSC3516 and 2.5GB for GSC3505/GSC3510, you can upload music files that total less than the maximum local space for each model.

Note

To be able to set a timed playback or to loop the Local music, please refer to the [\[Timed playback\]](#) section of the guide.

Timed Playback

With the GSC35xx Timed playback feature, you can configure local music and RTSP streams to play music at a specific schedule of your choice, that can be done by setting up specific rules and time frames for the desired action,

To configure the Timed playback rule, the user needs to define the following parameters depending on the audio file :

To define a timed playback rule for the RTSP stream, Follow the steps below :

1. Set the Audio file to Local Music

The screenshot shows a dialog box titled "Timed playback rule" with a close button (X) in the top right corner. The dialog is divided into several sections:

- Audio File:** Contains three radio buttons: "RTSP stream", "Local Music", and "Local Music". The "Local Music" radio button is selected and highlighted with a red rectangular box.
- Local Music:** Contains a list box with a checkmark next to "Almighty.mp3" and a red "X" button to its right. Below the list box is a blue "Upload Music" button.
- Play Mode:** Contains two radio buttons: "Single play" (selected) and "Loop play".
- Play Time:** Contains a blue "+" button.
- Frequency:** Contains six buttons representing the days of the week: "Monday", "Tuesday", "Wednesday", "Thursday", "Friday", and "Sunday".

At the bottom right of the dialog, there are two buttons: "Cancel" and "OK".

Timed Playback rule

2. Upload the desired audio file and select it
